Statement Accompanying Response to Notification of Missing Requirements

The outstanding Notification of Missing Requirements was mailed by the USPTO on 1 March 2006. That correspondence, however, was returned to the USPTO by the US Postal Service as undeliverable. The undersigned attorney became aware of the outstanding correspondence in the course of a periodic check of the status of the application and the Image File Wrapper (IFW) using the Patent Application Information Retrieval database. Review of the envelope in the IFW shows that the correspondence was sent in an envelope that did not contain the correct mailing address and was, in fact, blank for the delivery address (copy attached). Therefore, the period for reply to this Notification should not begin until the remailing of the correspondence (MPEP 701.13).

Therefore, no petition or fee for an extension of time is believed to be due with the filing of these papers. However, in the event that such a petition and fee is required, a conditional petition for the same is made herewith and the Commissioner is authorized to charge any fee or to credit any overpayment associated with the filing of this paper to Deposit Account 15-0450.

Respectfully submitted,
